Subject

Repairing the roads damaged by the rains in November last in the Kolar District

Resident's letter No $\frac{2732}{257}$ & 16/12/03

The Executive Engineer, Kolar Division requested the Boards of the Kolar District Board to obtain sanction of Govt for an additional grant of Rs 1,500 from Dist Funds for the repairs of roads damaged by the recent heavy rains. The Resident requests that Rs 1,500 may be sanctioned from the L.F.C/ as a special case to meet the damages. He does not explain why the amount should not be met from the District?

2 The Executive Engineer of the Kolar District Board for the current Official year is

is estimated as follows.

	Rs
Opening balance	15,468
Receipts	77,750
Total	93,418
Deduct Expenditure	79,296
Closing balance	14,122

According to the final accounts of the Comptroller for 1902-03 the actual opening balance on 1.7.03 was Rs 42,660 The closing balance of Rs 14,122 estimated has to be raised by Rs 27,200, viz i.e Rs 41322 which is in excess of the prescribed minimum by Rs 21,835- The grant now applied for can, therefore, be met from Dist funds

Draft order declining to sanction the amount from L-H CL is submitted for approval & other orders.

Letter No 2732 dt the 257
16th December 1903 from the President Distt Board, Kolar District applying for a special grant of Rs 1500/- from Local Fund to make good the damage to certain roads in the District during the recent heavy rains.

Order thereon No 2

The charge is one which is properly debitable to District Funds and ~~therefore~~, Govt ~~should therefore~~ ~~be liable to~~ entertain the President's application for a grant from Govt, especially as the Secretary

Col 1-04
7

This is a very unusual matter damage reported under extraordinary circumstances of very heavy rainfall -

Main Kolar road unimportant and Bhaktarahalli Other roads minor Hyderabad important A reduced grant of Rs 1000 may be considered

18.1.04

To.
The Pres + Distt Bd
Kolar District

the balance at the credit of the
~~Expenditure~~ Debt Funds which according to the final Comptroller's
accounts ~~of~~ amounts
in bear the additional charge of Rs 42,668 on 11/6

Charge.

I am certainly not-
aware of the grant
asked for. By
all means let us
quit it - I was
afraid that the Dewan
might not feel dis-
-posed to consider
the abolition favour-
ably in view of the
facts stated in the
office note - Hence
my agreeing to the
some reluctance to
the Draft - Let us
quit the whole - which
is only Rs 1500-0.

From.

B Subba Rao Esqre
Executive Engineer
Kolar Division

To

H. E. C Carr Esqre
President Local Fund Board
Kolar Circle. —

Sir,

I have the honour to inform you that the heavy rains of the early part of last month have caused considerable damages in the roads running in the District and traffic was entirely stopped in several of the roads for some days after the 4th ultimo where the damages were not serious, they were made good immediately and roads restored to traffic In other places where the damages are serious, temporary roads wherever possible, have been opened out and traffic is running them In a few places it has been possible to open

only footpaths and reticular traffic has entirely stopped for making good these serious damages, to restore the roads to a traffickable condition. I have applied to the Superintending Engineer for necessary funds in the case of the Provincial Roads for making good the damages in the District Fund Roads, I beg you to kindly make necessary arrangements for funds. The District Fund Roads that have been seriously damaged, lie in the Kolar, Bowringpet and Malur Talukas. These are :—

1. Kolar-Malur-Hosur Road.— About a mile and a half from Kolar the road was washed away on both sides of the bridge, in $\frac{2}{16}$th mile and the road surface ripped open for 3 furlongs on both sides of the bridge which was also damaged, by the breaching of the Annavaratti Tank on the 11th ultimo. There were also a few minor damages in other portions of the road.

This being to cross to Dolar, I have ordered this to be repaired ately. The cost of repairing will be about Rs 500

(2) Malur-Hoskot Road.- A few more damages costing about Rs 100/- to make good occurred. These have been ordered to be made good at once.-

(3) Malur Vengal Road.- Two breaches occurred in the road by the breaching of Certain tanks in the Malur Taluk and traffic was stopped entirely for some days. Temporary roads are opened out and the damages have been ordered to be made good at once Cost will be about Rs 150/-

(4) Dolar Sompur Road- beyond Vengal.- The 11th mile from Malur is badly breached by the breaching of Harisapur Holabbi Singepalli and other tanks and it is Till the necessary breaches and repair the road

surface to make it trafficable. Cost will be about Rs 2000/- Estimates have been called for. In the meantime, a temporary road has been ordered to be opened out costing about Rs 250/- and.

5). Below Vankaripalayam Road. By the breaching of the Bathmangala Tanks and its upper Serial tanks, the bridge across the Pallar close to Bathmangala has been entirely destroyed and 6 furlongs of road badly washed away. Traffic was entirely stopped for about a fortnight. I have opened out a footpath across the stream to enable foot passengers crossing the stream and have started constructing a temporary bridge to enable carts crossing the stream. To the east of the stream, the Pullagoundanur Railway Feeder Road also joins this road. Hence it is very necessary to have means of communication across the stream here. The cost of this temporary road will be about Rs 500/- I beg to bring to your notice the great necessity

for constructing a proper — bridge here. Provisions for the Dist. Board fuel fodder &c are brought from Gulbagal and Venkatagiri Kota. Sides besides building materials from the large stone quarries to the east of the river. The cost of constructing a proper bridge here will come to not less than Rs 35000/-. The amount is too large to be met from the resources at the disposal of the District Board and I would suggest a special reference being made to Government about the necessity for immediately reconstructing the bridge here and applying for a special grant from the Local funds special or Provincial funds. Surveys and sections have been ordered to be taken and a project will be prepared shortly

11. In the other portions of the District also damages to Roads have

occurred. These being not very expensive to repair, I have ordered the Sub Divisional Officers to make them good debiting the cost to the Annual Repair Estimates, cutting down work where possible, to provide funds for these repairs. I request that you will kindly arrange to obtain sanction, for expenditure during the current official years, to a sum of Rs 1500/- required for making good the damages on (1), (2) and (3) roads noted in para I and for the temporary roads — noted in (4) and (5) of the same para. - It is not possible to meet this amount from the Annual Repair allotment - for the current years, and in the interests of the public it is necessary to open out temporary roads if the damages cannot be permanently made good at once. — I have &c. —

Sd/ B. Subba Rao,
Executive Engineer
Law Division
